Introduction

It is the responsibility of the head of centre to ensure that Plymstock School has a written conflicts of interest policy for inspection that must be reviewed and updated annually. This policy confirms that Plymstock School:

Manages conflicts of interest **by informing the awarding bodies**, before the published deadline for entries for each examination series, of:

- any members of centre staff who are taking qualifications at their own centre which include internally assessed components/units
- any members of centre staff who are teaching and preparing members of their family (which includes step-family, foster family and similar close relationships) or close friends and their immediate family (e.g. son/daughter) for qualifications which include internally assessed components/units, **and**

maintains internal records of all instances where:

- exams office staff have members of their family (which includes step-family, foster family and similar close relationships) or close friends and their immediate family (e.g. son/daughter) being entered for examinations and assessments either at the centre itself or other centres
- centre staff are taking qualifications at their own centre which **do not** include internally assessed components/units
- centre staff are taking qualifications at other centres (GR 5.3)

Purpose of the policy

The purpose of this policy is to confirm how Plymstock School manages conflicts of interest under normal delivery arrangements in accordance with the regulations.

General principles

A process is in place to collect any declaration of interest from all centre staff to identify and manage any potential conflicts of interest

.

Declaration process

An electronic declaration of interest form is sent to all centre staff prior to the November formal exam series. Completed forms are then returned to the Exams Manager for review. If there are any conflicts, these will then be discussed with the Head of Centre, and if appropriate, will then liaise with the relevant awarding bodies.

Managing conflicts of interest

A conflicts of interest log is maintained and any potential conflict declared by centre staff is centrally recorded on the log. The relevant awarding bodies are informed (where required by the conflict of interest) of specific conflicts of interest / centre staff declarations before the published deadline for entries for each examination series by identifying and establishing how these will be best managed.

Additional information:

This extends to invigilators, also.

Roles and responsibilities

The role of the head of centre is to ensure:

- conflicts of interest are managed according to the requirements in GR 5.3
- internal records are maintained and that the records include details of the measures taken to mitigate any potential risk to the integrity of the qualifications affected
- the records are available where they may be requested by a JCQ Centre Inspector and/or awarding body staff
- the records are retained until the deadline for reviews of marking has passed or until any appeal, malpractice or other results enquiry has been completed, whichever is later
- that entering members of centre staff for qualifications at this centre is as a last resort in cases where the member of centre staff is unable to find another centre
- that proper protocols are in place to prevent the member of centre staff having access to examination materials prior to the examination and that other centre staff are briefed on maintaining the integrity and confidentiality of the examination materials
- that during the examination series the member of centre staff is treated in the same way as any other candidate entered for that examination, does not have access to examination materials and does not receive any preferential treatment
